### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Marcus on 3/3/06.

The application has been amended as follows:

- Claim 84, line 7: Replace "second electronic display screen" with  
-- second electronic display screen capable of displaying graphical images --.
- Claim 86, line 1: Replace "85" with -- 84 --.
- Claim 93, line 7: Replace "second electronic display screen" with  
--second electronic display screen capable of displaying graphical images --.
- Claim 95, line 1: Replace "94" with -- 93 --.

These amendments were made to further clarify the invention as claimed and to correct claim dependencies.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Patentability is seen in having a work space including a second contact-sensitive electronic display screen capable of displaying graphical images, said contact-sensitive electronic display screen

Art Unit: 3715

being separate from the first electronic display screen and capable of receiving input from the user through the detection of the location of one or more graspable objects placed on the work space and the path of the one or more graspable objects manipulated laterally across the work space, said support structure also having a button not associated with a keyboard or numeric keypad with which the user can make entries into the system (Claim 84 and similar language in independent Claim 93). The prior art does not teach or fairly suggest these features in the combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chanda L. Harris whose telephone number is 571-272-4448. The examiner can normally be reached on M-F 6:30am-4:00pm.
